Damages

You are responsible for the full amount (plus taxes) in damages to the machine per incident for tours and rentals. A damage deposit of \$2500 is required on arrival.

Tire insurance is available for \$15 per day (plus tax). Tire insurance is included on tours.

Damages are NO Fun. And we dislike damages as much as you do. You end up paying for the damages, which can often be avoidable. We end up with loss-of-value on our machine, down-time in which the machine cannot be rented and the additional work of getting parts shipped and installing them. It really is a no-win situation.

We do not like to dispute damages with our guests. Like a car, cosmetic damages, parts and labour times can add up quickly. Some damages like front end and frame damages cannot be fully assessed, until the machine is taken apart by us or a dealer.

Our procedures are very clear about when you are responsible, and for what damages. If you have any questions prior to taking a machine out, you must ask.

Damages are **per incident**, which means that if you cause damages one day, you will have to pay for those, and then are responsible for consequent new damages the following day. If your rental machine is in-operable due to the damages caused, you have no right to refunds. We will however endeavour to get you a replacement machine if available. Damages are settled each day with our tour and rental guests.

It is in your best interest to check out your machine in detail before you leave on your rental or tour. We will go over the machine in detail with you and inform you to take note of all damages, which will be written on your contract. It is in your interest to do this diligently. Upon return we will check the vehicle with you and evaluate any damage.

You will be charged for the following damages:

Parts: Part value plus labour. Shipping charges.

Scratches & damages on other parts that require no replacement: A Min of 20% up to 50% of part replacement value.

Frame damage: Full damages

Fire damages & will: Full damages

Damages caused by carrying passengers that are not designed to be taken: Full damages

Burned Belt (flat spots) from leaving Parking brake on: Full damages

If you do not agree with our damage assessment, we will be happy to get an assessment done by a dealer.

Personal property

Great Canadian Snowmobile Tours Inc. is not responsible for loss or damage of any property left in the property or in, on or carried by the rental gear.

Waivers are available prior to making your reservation. We advise clients to arrange proper liability and medical insurance, which may include helicopter evacuation.

Final audit: All charges are subject to a final audit. If client is over- or under charged, he/she will pay the correct amount or receive a refund.
